

# Oscar Introduces the Grads

Now that we know each other, it is my honor to introduce the graduates. Although they are a rather different lot from the rest of C.C.I.'s specimens, they are, taken as a whole, a jolly good group. But 'nuff said; read further and judge for yourselves.

**Donna Brodie** — Our pert, blue-eyed member from the "chalk-side" of the room. She always has her homework done, in spite of her noisy neighbors. Donna's ambition is to be a nurse—we can see her in the future, jabbing needles into helpless victims!

**Gerry Kat** — Gerry is the lively editor of Central's Teen-scene column. She also bowls and is the able leader of a Cub Pack. There is never a dull moment when the originator of 4A's "hen-parties" is around, not even at "track practice" at 7:45 a.m.

**Christine Woodall** — This Miss holds a part-time position at the "Times", keeps up her school-work, and performs in a dozen other activities. With an ambition to be an air stewardess, we see Chris as hostess to the Man from Mars on the first flight to the moon.

**Arliss Busch** — Our hard-working French expert, Arliss keeps the male section supplied with candy and gum (in self-defence). Our future Florence Nightingale is planning to attend the U. of S. this fall. "Ar" bowls, curls, and was our gift to the Bryant Oratorical Competition.

**Hilda Dilsner**—Hilda is a quiet, studious girl who hails from Palmer, Sask. She speaks fluent German, we hear; works hard, we know, and hopes to be a teacher. She spends a good part of her time with her friends from 4B, but she's a well-liked member of our room, too.

**Shirley Fowler** — This dark-eyed Miss with the ready smile is one person who doesn't have to worry about Math. or Physics, and the rest of her marks are just about as high. She is going to Calgary next year, to train as a psychiatric nurse. Probable destination — learning to work a straight-jacket blind-folded.

**Nettie Kopinski** — Friendly industrious and rarely seen without Eunice, Nettie is quiet in school but we're not so sure about her after hours. Her ambition is to be a stenographer. Probable destination—sharpening pencils for Mr. V.

**Olive Gerrie**—Our petite student who keeps us weak with laughter in French periods. Ollie is headed for a happy life, assisted by her bubbling personality. Ambition—to get paid for sleeping. Probable destination — testing mattresses for Parkhill.

## 4A

**Evelyn Nilson** — Is one of our brave Latin students and an early riser for track practice. Evelyn is friendly and works hard. She hopes to be a teacher and we're sure she'll be a success. We see her as the janitress on the main floor of C.C.I.

**Janet Feist** — Janet is the good-natured Miss at the front of the room. She was our first Chem. Lab. casualty and spends her excess energy teasing Ron. Janet bowls and is an all-round good student with a big happy smile for everyone. She plans to be a bank secretary. Probable destination—counting pennies.

**Vera Lockhart**—Vera is our vivacious, friendly, hard-working Literary Vice-President. Besides giving us the best Lits. in a long while, she gets very high marks and chatters continually to Anna. She hopes to attend college at Seattle and become a teacher (we can't imagine a nicer one!).

**Gwen Hunt**—Gwen is the girl with the friendly smile and the twinkle in her eyes. She always works hard and seems to find time and energy for many sports. She'll make a wonderful child's nurse. We see her in the future, taking orders from the little dears.

**Dorothy Theobald**—This very ambitious young Miss came to us this year from Swift Current and is getting along in fine style. She is an enthusiastic musician and Collegiate Chorister, who hopes some day to find out what she wants to be—and be it!

**Jean English**—Jean is quiet in school but laughing after the bell goes. We envy Jean's capacity for concentration. Her ambition is to be a lab. technician. We wish her luck and hope she doesn't get tired of washing test tubes.

**Pat Clemens**—Pat is quiet and happy, spending a good deal of time protecting her life and property from "the Wit". Whatever her plans, her future looks bright and she should live to be 21 for a good many years.

**Eunice Sowiak**—Eunice is attractive, dark-haired and quiet. She is always changing her styles and adds spice and wit to a day in 4A. She's so fond of Central she can't bear to leave it, even at noon hour!

**Anna Green** — The happy, hard-working editor of "Ye olde Outlook" is our brainy brunette with the infectious laugh. She bowls, curls loves square-dancing in P.T., and gets very high marks. A wizard ye! Ambition — nursing. Probable destination—killing off all her old school chums with the wrong medicine.

**Kay Marshall** — 4A's sports enthusiast, who takes part in every sport available. Several times a day one can hear an explosive giggle from her side of the room, but you can be sure her marks are as bright as her smile. She hopes to be a laboratory technician.

**Marilyn Duffus** — One of 4A's lucky students, she gets twenty spares a week. Her pleasant smile and ready wit help brighten up the room. Singing is her chosen profession, so she's usually seen dashing hurriedly for her lessons. We all wish her the best in her career, and are sure that her life will be a huge success.

**Ron Shaw** — Ron has black curly hair, And an air that is most debonnaire, He is attracted to girls With pretty brown curls, But tends his job at the Times with great care.

**Jim Erfle** — Jim is another new star, From Ernfold to here is quite far, He has fitted right in With the rest of his kin, But meeting Yogi was a very great jar!

**Jim York** — Yogi's as strong as an ox, His muscles are hardened like rocks, He is tough to a point Where he'll tear up the joint If anyone, while he's working, talks.

**Henry Farmer** — Henry is a basketball pro, Since last year he started to grow— His shots never miss, He was blessed with all this, Yet he claims females are just so-so!

**Peter Popowich** — Pete is everyone's chum, Especially since he always has gum. As a hockey star He's known wide and far, And he never is found looking glum.

**Dan Tait** — Danny can do many things: At music and photos he rings, His questions are wise, But not as bright as his ties, And for help, to Gerry he clings.

**Gustaf Trip** — Gus came from Holland to here. He joined us midway thru the year. His schoolwork is tops, At playing ping-pong he hops, All agree he would make a good peer.

**Charles Stamas** — Chuck is another strong boy, When he's around, the girls become coy, He is attracted, we guess, To the sunny U.S. What is there that gives him such joy?

**Brian Woodrow** — Brian is all for conscription, But if it comes he will have a conniption. He will play in a band, Wash his socks out by hand And spend all his time in the kitchen.

**Allan Wong** — Al is in love with his Nash, He enjoys taking snaps with a flash, He'll come to his end On a very sharp bend If some day his actions become rash.

**Dave MacLean** — Dave is the lad with the voice, As a singer he is our choice. Since he has much ambition, He'll make a real politician, So that soon he'll be driving a Rolls-Royce.

**Ian Moore** — Ian likes to relax, So his mind he refuses to tax, He drives a big car, Shoots ducks near and far, But he'll probably end up driving hacks!

**Mervin Shein** — Mervin is quite an athlete, Rugby, curling, hockey, bowling— all are his meat. He's Miss Irwin's friend, On whom she'll depend For translation that's less French— more Crete.

**Murrey Dubinsky** — Murrey is a wonderful guy, His looks make any girl sigh— As our president this year He deserves a big cheer, In the future, journalism he'll try.

**Raymond Willis** — Ray has troubles so weighty, His average has dropped to an eighty, His wheat is all wet, But his girl is a pet— So he'll probably elope to Haiti.

**Kay Evans**—Kay hails from Belle Plaine, but their loss has been our gain. Her beautiful voice has added much to the Lits. She is a member of the Literary committee; also takes part in the Collegiate Choristers, Teen Scene, and the Outlook. Kay wants to go to Vancouver to train as a nurse.

**Jean Knutson**—Our capable room rep., and an avid hockey fan, being a loyal Canuck supporter. Her ambition is to be a secretary and her friendly personality should boost her on the way to success.

**Merrill Tozer**—4B's music student and Celebrity Concert attendee. Her big problems are French and keeping the "Y" running. She hopes to become a primary teacher, and petite Merrill hopes her charges will be slightly smaller than she.

**Kay Carey** — Kay hails from Coderre and is Mr. V.'s only salvation in a pit of darkness. Her ever-ready smile and kind word for all will put her in good stead when she reaches her goal as a lab. technician.

**Helene Stamina** — Helene came into our midst at Christmas time and claims Kayville as her home town. Although one of the quieter members of our room, she always comes up with the right answers, especially in Comp.

**Alice Erickson**—Alice is our perennially late girl who can't quite seem to make it on time. She says she has no definite plans for the future. The pictures in her wallet are usually the centre of attraction among the girls.

**Marion Cockerell** — We lost Marion's attention when she went down East to pick fruit and her interests are divided between Ont. and the R.C.M.P. Marion is another of the future Florence Nightingales of 4B.

**Adeline Wolfe** — Here is our German expert (?), at least we think it's German. Adeline has ambitions to become a school marm and should get on famously.

**Kathryn Tingley**—Katy is taking a teletype course at the C.P.R. and plans to take up this work for her career. She is on good terms with all. Living across the street from school, Kathryn is one of the fortunate few who can sleep in.

4B

**Wilma Munford** — "Little Willie", as she is better known, comes from McCord, Sask., but her interests are divided between U. of S. and Regina. An ardent bowler and show-goer is our Willie. She intends to become a secretary and she has our best wishes for success.

**Faye Hall** — The little red-head who sits in the back row is a favorite of all. Her outside activities are a deep, dark secret (or perhaps a tall, dark secret?), but she always seems to be busy

**Laura McLeod**—Here is our brain child, but we are afraid she has been around Willie too long. Her "career ambitions"—a teacher. Probable destination—cleaning the blackboards at Normal. She's a grand girl and a favorite of all.

**Barbara Latham**—Another of the faithful Chemistry students, Barb hopes someday to get 99% on a Thursday test. She also has hopes of becoming a nurse and, later on, a Mrs.

**Dale Cline**—How Dale happens to be such a quiet boy is a mystery, but since he is a newcomer to our school, that is probably the reason. He takes part in curling, and other activities must keep him busy — homework, perhaps.

**Douglas Ellis-Toddington** — In his holidays Doug makes his fortune as a lifeguard, we hear. His hobby is photography. His girl friend is a nurse which, combined with his Demolay meetings, keep Doug busy through the school year.

**John Law**—John is the friendly lad with the brush-cut, which gives the room a country flavor. His long weekends out of town usually brings John to school on Tuesday. Lucky, isn't he? His pastimes are curling and hockey.

**Garry Fisher**—It is known that Garry occasionally comes to school in a car. He has made friends during the year, by his free distribution of candy, gum, etc., to needy students. He probably will become a social worker

**Leon Matwe** — 4B's "brain" and Physics professor is one of the few who gets good marks yet still finds time for outside interests. He is a member of the Camera Club and of the very exclusive "paper wad and chalk club". Nevertheless, Leon is an all-round good fellow.

(Continued from page 9)

**Jack Busby** — We often wonder why Jack likes to sit by the girls. His presence often causes mixed emotions. He seems to get along well with his French. His outside activities are a mystery but he is a member of the Demolay.

**Walter Denesuk**—Called "Stubby" by his friends. One can see him coming and going, and he never wastes time sitting around. Stub makes high marks in school, and excels in math. He was one of the players on this year's junior rugby championship team.

**Charles Tait**—4B's talkative boy, whose familiar phrase is, "I don't see how." Charles has been able to make some good marks and "We don't see how." However, he took part in senior rugby, and had his leg in a cast for months to show us for proof.

**Bill Lewis**—He is noted for his height, 6 feet 4 inches. He was senior boys' table tennis champion at Central. Bill also plays senior rugby and in curling his rink has won honors. Not much is known about his scholastic achievements.

**Garth Hampson**—Taking part in Lits., bowling, social activities, keep Garth busy, but he still has time to visit the chemistry lab., after school. A real hard worker is this student. His smile and laugh add cheer to our room.

**Philip Clark** — A very proficient basketball player, he is often seen with his friend, Tom. As far as we know, the feeling is mutual between chemistry and Phil—each doesn't like the other. His original jokes during the year received a laugh from all of us.

**Reginald Wagner**—Reg. seems to spend time in the hospital during each school year. We hope that it is only training in pharmacy, which he hopes to take up when he gets out of high school. The sports he takes part in are rugby, basketball, and chasing girls.

**Reginald Frizzell** — Reg. was chosen on the All-star rugby team. Rugby and curling are two of the sports he plays well. Reg. is lucky, having so many spares during the week. He is also a member of the Pipe Band.

**Thomas Farquharson**—Tom's occasional high marks during the year have even amazed some of the teachers. Tom partakes in practically all sports and does quite well. His presence adds humor and life to his corner of the room.

**Bob Wright** — Bob comes after nine every day, "just to be different!" His ambition is "to beat" Wagner in a game of snooker. His favorite subject and the one he gets the highest marks in is French. Bob has won great distinction as a musician, studying advanced music in New York.
