

# 1953 - 54 GRADUATES

4-A

**Joyce Tauber**—Joyce is the quiet type. Her interests, besides school and homework, lie in baby-sitting, playing the organ, and working part-time. She is one of the brave souls in 4A who take Latin. Whatever Joyce's future plans are, we know she'll succeed.

**May Yamakami**—Here is 4A's sports enthusiast. Basketball is where she excels. In school, May is rather quiet, but we hear she makes up for this out of school. Being a very conscientious student, we're sure that her plans for the future will succeed. Good luck, May!

**Allison Thomson**—Allison was a nominee for Miss Central. Bowling, music, and homework keep her busy. Her scholastic record has always been good and her future is sure to be a success. Thanks go to her for being 4A's capable room-rep this year. Her ambition—a teacher.

**Evelyn Simpson**—"Ev" is a cute, red-haired, ambitious Miss who, in school, seems rather quiet, but out of school she has a "jolly" good time! Her ambition is to be a nurse—she'll enjoy jabbing needles into those lucky patients. We wish you luck, Evelyn.

**Emily Farmer**—Emily is one of the smallest girls in the room, but also one of the most beautiful with that lovely blonde hair, and those sparkling blue eyes. Although she is rather quiet in school, we hear she has lots of fun out of school.

**Pat Staseson**—Pat is 4A's busy little bee. Schoolwork often gets her down, but nevertheless, she takes it all in good fun. She can always pick up a good conversation with her many friends. Her future will be carefree and happy—of that, we're sure.

**Anne Getty**—Anne is very interested in the Home Ec field, and she's sure to make a go of it. In school, Anne provides lots of fun for those around her. Her favorite subject—French, while Physics runs a close second. Anne plans to go to Varsity next fall.

**Sheila Helsel**—There is never a dull moment when the rival editor of 4A's "Daily Dirt" is around. A member of Central's bowling team, an ardent worker on our Social Committee, we're sure Sheila will never be without enough to do. Her pet peeve—Lee. Her ambition—"un professeur".

**Adalene Lowe**—Adalene was a candidate for Miss Central this year. With bowling, Collegiate Choristers, and curling (in which she played third for the girls' Brier team) to take up her spare moments, she still has time for other interests. Her ambition—Teachers College.

**Inge Wiesner**—Here is our German expert, at least we think it's German. Inge is rather quiet in school, but we gather it pays off, for here lie the brains of 4A. This Miss holds a part-time job at Leonard Fysh Drugs. Her ambition—University. Good luck, Inge!

**Shirley Hewitt**—"Shirl" loves hockey games and is interested in all sports. She is an "avid" member of Central's Interscholastic Bowling Team and also Treasurer for our Bowling League. Academically, she has always been good. Her pet peeve—waiting! Her ambition is to become a teacher—we wonder why?

**Marina Norman**—Her wonderful personality has won her many friends. Her interests are centred around bowling and choir practice, while her dislike is staying in on Friday nights—we can't really blame her. She works, that is, spends time in Joyner's on Saturday. Her ambition—nursing.

**Anne Bayne**—Here we have 4A's industrious, blue-eyed blonde. Her pet peeve—homework. This we can't understand, as she pulls down some of the highest marks in the room. Her ambition is to become a nurse and with her ready smile, she should make an excellent one.

**Glenys Probert**—This pert, blue-eyed blonde scarcely has a moment to herself. Bowling, music, choir, and Guides take up most of her time. Glenys is known for her winning smile and pleasing personality. Her pet peeve—"those boys always get the gym!" Her ambition—nursing.

**Joyce Crozier**—Joyce just "loves" those Biology dissection periods. Her good nature and ready smile have won her many friends around Central. Bowling, Choristers, and Guides take up her spare moments. Her pet peeve is Merv (we can understand why!), while her future interests are centred around Teachers College.

**Marlene Glanville**—Marlene is very quiet in school, but out of school, well? She works hard and plans to enter business college next fall. She spends a good deal of her time with Emily, and she is liked by all. Marlene manages to keep her worries to a minimum.

**Doreen Probert**—Doreen is a good-natured Miss at the front of the room. A chem-lab injury didn't stop her from continuing her musical accomplishments. Piano accompaniments, skating, and basketball games take up all her spare time. University is her aim, and with her wonderful marks she's sure to succeed.

**Andrea Rankin**—"Andy" is one of Central's all-round girl athletes, excelling in basketball, track, and bowling, she's also an expert on crutches. Her ambition is to go to Varsity and later travel to the British Isles and Europe. Earl and Lorne—her pet peeves.

**Roberta Randall**—"Robby" was a member of the South-Central Sask. Brier team. She is interested in all sports. Other outside activities include Guides and G.A. This auburn-haired beauty is rarely seen without Beth and she is a favorite with all who know her.

**Joan McCarthy**—This cute Miss was a late-comer to 4A. She only takes a couple of subjects in our room, but we know she loves them—right, Joan? With numerous spares, we're sure she has lots of time on her hands. Success is her aim. Good luck, Joan.

**Barrie Robb**—As a child, he must have played on a basketball floor back at Stoney Beach. This popular exponent of the art of dribble and pass gave yeoman service to the Grads this season.

**Grant Pasuik**—"The Young Man with the Marimba", and his companions, furnish the enjoyable incidental music at the lites. Among his talents is the art of mimicry and pantomime. We wish that his best efforts had been recorded on film.

**Glen Helson**—Gone mobile; has cinched his saddle to a gas-eating Ariel (shades of the Old West!). His chemistry ability stems from his earnest search for a formula (predominantly water) on which to run his motorcycle.

**Earl Robinson**—Earl has developed a style of public speaking that, if he continues, will be of great advantage in the occupation of his choice. His many activities out of school have given him valuable experience, as is the case with his musical studies.

**Bob Davis**—Bob and Mr. Biddell are often seen conversing on basketball theory. The teamwork has paid off, as evidenced by the list of wins the Grads display. Bob made rapid progress toward a promotion to the front of the class; but fortunately, due to Mr. Robbins' understanding, was not left unaccompanied long.

**Ray Belt**—Ray is "Editor-in-Chief" of the "Daily Dirt" in 4A. Ray's attendance and punctuality could set a record. His response to operettas has been quoted as "very relaxing". Ray sports the D.A. haircut, very fashionable this year, however, Ray has once again been a-head of his time.

**Gord Bogden**—Gord is the lad who made the striking discovery that sodium peroxide does nothing for a pair of pants. It was a very painful burn, though, and we certainly hope Gord has no bad effects. He has had a tangle with a Mump germ and considers him a very worthy opponent.

**Ed Segall**—Hockey enthusiast of the Southill Mercuries. His very original basketball approach is one style the Harlem boys haven't developed. Ed has received deserved punishment from Dennis this term. In the winter season, at least, Ed is kept exceedingly busy with practices and a part-time job, but regardless, his marks top the scale.

**Merv Markell**—Merv's favourite periods appear to be Physics and Spares, because it is then that the "Old Gang" gets together. His being on call all night for folks who need speedy transportation, satisfies his apparent belief that sleep is a waste of time.

**Ron Tinline**—Ron is a well-built, up-standing young fellow who works diligently at his studies. He finds passing the girls' gossip very distracting but, being a chivalrous lad, co-operates. His expression is one of pleading, but not his remarks, so a salute to this gallant gentleman.

**Lee Barber**—Lee is a regular curler for C.C.I. that turns out a good performance every time. Lee never wastes words, he merely says what is necessary and leaves it to the listeners for the interpretation. His unique sitting position is worthy of mention.

**Barry Gray**

4-B

**Diane Grant—**

Presenting Miss "C'est si bon" of 4B. Our room rep, part-time clerk in a pharmacy. Life of the party, a golfer of high degree. But, next stop is McGill, to obtain her M.D.

**Mary Waite—**

This strawberry blonde sports a diamond that flashes. As off to bowling on Friday she dashes. When we ask her ambition, she says: "Wait and see"— But we know it's a housewife she'll eventually be.

**Dorothy Wilson—**

On Valentine's Day we were delightfully surprised. When in walked Dorothy with a twinkle in her eyes. And on her third finger, left hand, that matched. To prove that she was now attached.

**Arlene Broostad—**

Here is another talented Miss. Who skates just like her elder sis. She likes to play the saxophone. And swimming, too, can't be left alone.

**Dorita Delahey—**

"Dee Dee" is the youngest of our class. And there's no doubt that she will pass. As for future plans, hers are already set. For an R.N. degree she hopes to get.

**Beth Shaw—**

A member of our championship curling team. Is Beth, an attractive brown-eyed 'teen. In school work and sports she is in the clear. And the sound of a Harvard is music to her ear.

**Arlene Wright—**

Astride her horse, Arlene looks classy. And everyone agrees she's a talented lassie. Her lits were a big success all year. Music and nursing will round out a full career.

**Beverly Jones—**

Talkative, friendly, and lots of charm. But how are we going to keep her down on the farm. When off to England she hopes to go. To visit many a former beau?

**Norma Woolley—**

Norma is the capable Vice of girls' sports. Who participates in athletics of all sorts. In basketball especially does she shine. And spends week-ends in Winnipeg many a time.

**Eleanor McCarthy—**

This girl has a rather soft time in school. For her spares are many, as a rule. "Mac's" jokes are packed with humor galore. And when she sings we clap for more.

**Dianne LePage—**

Bowling and curling entertain "Di" after school. Plus a few English chaps, who fly Harvards as a rule. The British Isles are already beckoning. One of these days she'll be off. We're reckoning.

**Minnie Rosenbaum—**

In academic standing Minnie rates high. A degree in pharmacy will come by and by. Painting has proved a fine hobby for her. And come Friday we'll find her at bowling for sure.

**Ruth Smith—**

Ruth is a former Edmontonian. And swimming and skating she revels in. A "lady in white" she wants to be. And we know she'll get her R.N. successfully.

**Inez Dcugherty—**

Inez is a Rowletta gal. Who has a friend there she thinks is swell. She's a curler of repute in our winter clime. But a teacher of renown she'll be in time.

**Anne Hamon—**

With a saxophone Anne is at ease. And she likes all sports too, if you please. Bowling, curling, and softball are fun. But it's a nurse she'll be in the final run.

**Ruth Wolf—**

Here's to our Ruth, a classmate true. Who ne'er her duty fails to do. A steno or nurse she's bound to be. And grow to wise maturity.

**Marianne Deutscher—**

This year Marianne set a record in bowling. Her score was 330, as you should be knowing. Efficiency plus charm describes her to a T. So nursing should be easy for her, don't you see?

**Orville Wagner —** "Erble", along with "Boner", comprise a duet which entertains 4B with the top tunes of the week. "Erble" misses Miss Irwin, but doesn't everybody? He works at a drug store and constantly denies that pharmacists are in cahoots with the medical profession. Can you guess what his vocation will be?

**Keith Doane—** "Boner" is 4B's busy room-rep, taking on unsold tickets. All jokes rate a good laugh with Keith, even though he is able to laugh without smiling. This often averts the teachers' glances to other students. Keith plays basketball for the Grads.

**Charles Shepley —** Charlie's 200 pounds of muscle could prove useful on the Senior rugby team, but he exerts his energy playing third on Mr. Allen's curling rink. The "Charlie did it" slogan could get him in trouble if the teachers took it seriously. Charlie enjoys Physics.

**Don Deydey—** Don holds the rank of Flight Cadet in the Air Cadets, and was a member of the Canadian Precision Drill Team which won out against the U.S.A. Although he admires the American Fords, he is contented to drive a Chev. Don is always seen with Keith.

**Don Wittman—** 4B's only nature boy and star tease who enjoys it. He is responsible for the clippings posted on the bulletin board. Don hopes to invest his capital at 6%. He plays for the Celtics, bowls, and curls.

**George McCallum—** A special seat is reserved for George on the girls' side of the room in Math periods. George does well in French, and no wonder, because he occasionally takes extra classes after school. George loves sports and plans to be a professional soldier.

**Roy Smith—** "Smitty" is a newcomer from Mortlach. He has already made a big hit with the students around the school because of his sense of wit and "friend to all" attitude. "Smitty" is well known for his writing ability. His ambition will probably be to own Household Finance.

CAMERA  
SHY

**Rolf Bjordammen —** Rollie's bass voice originates in the deep south. Business letters and contracts of all sorts are drawn up by Rollie. He also enjoys boxing and wrestling matches. A printer's school is Rollie's destination and no doubt he'll reach his goal.

**John Bjordammen —** All the top marks are pulled down by John. He diverts the teachers' glances to other marks are pulled down by John. He collects instrumentals and popular songs, and no doubt he has "Dear John" and "Oui, Oui, Johnny". John is trying for a scholarship which will enable him to attend university. With his ability he'll go far.

**Jim Morley—** Alberta lost Jim and we got him. No time has been wasted in making himself acquainted in and around the school. He curls, bowls, and plays hockey and basketball. Certain Chaucer notes of his have sifted throughout the room.

**Bill Durward—** Bill is a quiet boy in 4B, but few know what he's like out of school. He is a member of the Junior Band, bowls, curls, and plays for the Celtics. At present Bill is trying to clear up his incompleting subjects, but plans to be an electrical engineer.

**Russell West—** If Russell knew as much about school as he does about selling shoes, he would probably reach the top. Russell can take things like a man even if he is wrongly accused. Russell enjoys all sports.

**Dave Chapman—** Dave is our competent president this year and so far no complaints have been put in the suggestion box. Business often calls Dave out of the room, but doesn't affect the high marks he gets. Engineering is Dave's future.

**Owen Telfer—** Owen thinks that Shakespeare is an African dance. As chaplain for DeMolay he is kept rather busy, and finds it hard to sell tickets to the students for one of their teas. Owen plays for the Grads, and also bowls. His vocation will probably be a degree in Commerce.

**Larry Rozon—** Larry enjoys hunting in the fall and curling in the winter. This summer, Larry is taking a Flying Scholarship through the Air Cadets in Moose Jaw. Despite all these outside activities he keeps up his schoolwork, getting good marks in all his subjects.

(Continued on page thirty-two)

**Barry Gray**—Two things seem to dominate in his life, aircraft and motorcycles. School seems to rate somewhat below these, as is the case with most human beings. Barry's neatness and high aims point to a bright future for him.

**Jim Cooper**—Jim may appear to be the smallest boy in 4B, but actually he's got big ideas. All the bowling scores are recorded by him, and he is kept rather busy showing curious students their handicaps, Jim is also military-minded.

**Chuck Schwartz** — Theories and prepositions are Chuck's main diet. He has a new angle for every difficulty, no matter what it is. The habit of talking with his hands suggests that he is of French origin. Chuck is an excellent pop pianist.

**Ken Lang**—It is said that Ken is a lady's man, but there's something about him that makes everyone feel attracted to him. His very capable direction has improved our dances a great deal this year. Ken is active in sports, but gets fair marks in school.

**Lorne Sullivan** — This handsome, young lad with dark, wavy hair offers his own brand of humour which, when heard, results in chuckles from the proximity of Lorne's desk. His inexcitable good nature has a steadying effect or offers a break in one of the infrequent periods of tension.

**Don Montgomery**—An ardent scholar and a friend of everyone.

**Dale O'Shaughnessy**—"Gump" is the vice-president this year. He also played quarterback for the Senior rugby team, basketball for the Grads and all-star defence for the Chevies. He has an interest in 2B?

**Tom Parr**—One of the quietest members of the room, is outstanding in his trumpet playing.

**Wayne Ralph**—Room-rep, curler, and basketball player for the Grads.

**Margot McLure**—Keeps busy with piano lessons, baby-sitting, attending shows, and going to John's.

**Joan Lapp**—Popular Joan is new in Moose Jaw this year.

**Bruce Evans**—Bruce is very quiet in school, saving all his words for that Cameron kid.

**Dick Mandzuk** — Dick takes his schoolwork seriously. He is excellent in French and shows his stuff in basketball.

**Milton Shand**—Milton likes to play basketball and also likes to swim.

**Roy Crippen**—Roy is skilful at woodcraft and active in many sports.

4-A

4-B

**Ron Gregor** — Those who have missed Ron will find him over at St. Louis College. Five minutes after nine was Ron's usual arrival in the morning, shortly followed by Tex. Ron plans to join the R.C.M.P. Hunting in his Model A is Ron's favorite pastime.

**Vaughan Dann**—"Tex" wandered over to St. Louis College after the new year and we sure miss the fieldglasses that he brought along to our lits. "Tex" used to equip his own desk in Chemistry with test tube holders, microscopes, etc. Tex, no doubt, would make a good cow-poke.

**Ken Turkin**—Work! Work! Work! This is his motto. Every spare moment is used in studying, or glancing at the Reader's Digest in the library. Ken has a big smile for everyone. He hopes to put his theories on economy to practical use in the near future.

**Dennis Cameron**—An accomplished bass player in a local band has what others dream about—a Pop who has cars and cars and more cars. He's a source of goodies for those who are fortunate enough to be in that vicinity.

**Terry McBurney**—The name Terry McBurney speaks for itself around Central. He is active in school affairs and promises us a better Outlook this year. Terry's ambition is to obtain his degree in Law.

**Jack Floyd**—Jack is a violinist in the Junior Hill-billy Band. He is also the Red Cross room-rep.

**Bob Henderson**—"Hendy" participates in all school activities and adds much to the cheery atmosphere of the room.

**Don Hiebert**—Don is the starry centre of the Clowns' fourth line. His voice is often heard commenting on some subject being discussed.

**Tom Johnson**—Although he is 3A's smallest boy member, he still holds his own in P.T. periods.

**Dale Jackson**—Dale's first but successful year in basketball. He also plays the piano and tennis.

**Penny Hickson**—This likeable girl with the wonderful voice takes part in most of the lits.

**Dennis Latham**—IA's capable Outlook room-rep and an active bowler.

**Dave Hopkins**—Dave and his "licorice stick" have travelled far and wide. His ability to play his chosen instrument is legendary.

**Norman Davies**—Algebra's like child's play when Norm gives it a crack. He can juggle figures with his hands behind his back.

**Jim McBennett**—Jim is a good hockey player. He likes P.T. best.

**Wayne Parks**—His best subject is Math, and his favorite sport is golf.
